

# Imaginative Activity

## MAGIC CARPET RIDE

### RESOURCES

- Globe
- Small mats (if you have them otherwise pretend)

### INTRODUCTION

- Show the children on the globe where England - 'Inglaterra' is, then show them where Spain - 'España' is.
- Next the children to find a partner and collect a magic carpet (mat) to sit on. If you don't have anything then pretend with some magic dust!
- Now explain to the children we are going to fly all the way from 'Inglaterra' to 'España', showing them on the globe, on our magic carpets!

### MAIN ACTIVITY

- Before we can fly we need to make sure we have everything we might need... the teacher should demonstrate and ask the children what they might need to bring... water - 'agua', food - 'comida', sunglasses - 'gafas de sol', hat - 'sombrero', sunscreen - 'crema solar', passport - 'pasaporte' etc.
- Pretend to pack or put on all of the items before you are ready to fly! The teacher should then pretend to sprinkle some magic dust over all of the carpets so that they fly!
- Once you all get up in the air, you must watch out for birds - 'los pájaros' and aeroplanes - 'los aviones', make sure you look over the sea to see if you can see any dolphins - 'delfines' or sharks - 'tiburones'
- This is great way to use new language and for the teacher to engage the children with an exciting imaginative game! Once you have flown over the sea, land with a bump in Spain - 'España'
- What will you see in 'España'? Ask the children! You can show them some pictures or a video from the internet.
- Then it will be time to fly back to England - 'Inglaterra' before anyone realises they have gone missing!
